Health and Wellness

We offer competitive medical benefits through Cigna’s High-Deductible Health Plans (HDHP). Both plans cover 100% of in-network preventive care, including annual physicals, well-child care, immunizations, cancer screenings, and certain prescribed medications. We also offer robust dental and vision coverage so you can choose the coverage that best fits your needs.

Our HDHPs are paired with a Health Savings Account (HSA), partially funded by Kimley-Horn. You can use your HSA to pay for eligible medical, dental, and vision expenses. Funds roll over annually and grow tax-free. With this plan design (HSA/HDHP) you can also choose to shift bonus dollars to help reduce your overall benefit cost.

Medical Coverage

Both plans offer comprehensive coverage in-network and flexibility to see out-of-network providers. In-network services typically cost less due to negotiated rates. HSA funds can be used for uncovered expenses, including prescriptions and certain over-the-counter items.

Kimley-Horn contributes up to \$1,400 annually to your HSA (based on coverage selected). For 2026, IRS limits are \$4,400 (Employee Only coverage) and \$8,750 (Employee + Spouse/ Domestic Partner, Employee + Child(ren), or Family coverage). An additional \$1,000 may be contributed by employees 55+.

Opt Out: If you have access to other medical coverage, you may opt out of Kimley-Horn coverage and receive \$50 per paycheck in taxable income.

98point6 Virtual Care

Free, on-demand primary care via secure in-app messaging for employees on the medical plan. Text with a board-certified doctor is available 24/7 with optional video and phone consults. Available for ages 1+ on the medical plan.

Prescription Coverage

Prescription benefits are included in the medical plan and administered by Cigna. Some preventive prescriptions are fully covered.* Non-preventive prescriptions apply to your deductible and are billed at Cigna's negotiated rate. After meeting the deductible, insurance covers 90% of in-network costs until the out-of-pocket maximum is reached—then 100% coverage applies for the rest of the year. Ordering through Cigna Home Delivery and choosing generics can help reduce costs.

Dental Coverage

Choose between Basic and Premium dental plans through Delta Dental. Preventive services are covered at 100% on both plans with an in-network dentist. If you use an out-of-network dentist, 100% of usual and customary costs are covered if your dentist's fees are no higher than the 90th percentile in your area. If your dentist's fees are higher than the 90th percentile, you will be responsible for the difference.

The Premium Plan covers orthodontia for all members on the plan. The Basic Plan covers orthodontia for dependent children up to age 26. Coverage percentages for basic and major services vary by plan.*

Quick Facts About HSA/HDHP

Health Savings Account/
High-Deductible Health Plans

What is an HSA/HDHP?

- An HDHP is a type of health insurance plan that offers lower monthly premiums than more traditional plans like PPO or HMO in exchange for a higher deductible coupled with an HSA.
- The combination of a tax-exempt HSA and a HDHP addresses the rising cost of healthcare by putting more control and responsibility for health spending in the hands of the consumer.

Health Savings Accounts

- An HSA is a tax-exempt account established for the purpose of paying qualified medical expenses.
- HSAs have the advantages of Flexible Spending Accounts (FSAs) with many improvements: unused funds roll over from year to year and may be invested to earn interest.

High-Deductible Health Plans

- Only consumers with HDHP insurance may contribute to an HSA.
- Minimum deductibles are set annually by the IRS. As part of the HDHP, all costs, including prescriptions, must be subject to this deductible. Preventive care is an exception and will continue to be covered 100% in-network when coded as preventive.

Details for New Hires

- In the year you join the firm, Kimley-Horn's contributions to your HSA will be prorated based on full months in the medical plan.
- Health benefits will begin on the first day of the month following your hire date. If your hire date is the first of the month, benefits start that day. Your HSA becomes active on the same day as your medical coverage.

Protection

Voluntary Supplemental Medical Coverage

We offer three additional protection plans to help you be prepared for accidents, illnesses, or hospital stays. You can enroll in one or more plans. Multiple payouts may apply for the same event if enrolled in Accident, Critical Illness, and Hospital Insurance, which can be used for co-insurance, deductibles, personal bills, or any other uncovered expenses. All plans also include an annual Be Well Benefit, a \$50 payout per family member for completing a wellness screening or immunization.

Critical Illness Insurance

Provides a lump sum payment upon new diagnosis of a covered condition (e.g., cancer, heart attack, stroke). If you have a family history of one of the covered health events, you may be a good candidate for this coverage.

Critical Illness Insurance premiums are after-tax and based on the level of coverage and the age of the employee. Employee Coverage Levels: \$10,000, \$20,000, \$30,000; Spouse Coverage Levels: \$5,000, \$10,000, \$15,000. Note: Spouse Coverage cannot exceed 50% of Employee Coverage.

Accident Insurance

Pays you directly to offset out-of-pocket costs for covered injuries. Includes a personal safety benefit of \$100, as well as an organized sports benefit of 25%. This coverage is recommended for families with active lifestyles or with children in organized sports.

Accident Semi-Monthly After-Tax Premiums

Coverage Level	
Employee Only	\$4.72
Employee + Child(ren)	\$9.39
Employee + Spouse/Domestic Partner	\$7.80
Family	\$12.47

Hospital Insurance

Provides fixed payments for in-patient hospital admissions and daily stays—including childbirth. This coverage may be helpful if you are planning to have a baby this year or are planning to have surgery.

Hospital Semi-Monthly After-Tax Premiums

Retirement

One of the areas where Kimley-Horn's benefits really shine is in helping employees prepare for a secure future. Our retirement plan has two components: employee contributions and Kimley-Horn contributions.

Employee Contributions

After 30 days, you can contribute up to 75% of your compensation to a 401(k) managed by T. Rowe Price, using pre-tax or Roth (post-tax) dollars.

Match and Profit-Sharing Eligibility

You become eligible for the company match and profit-sharing contribution on the first day of the month following one year of service. To receive contributions, you must be employed on the last working day of the year, work at least 1,000 hours in the year, and be in a qualified employment class.

CAPTRUST Financial Advisors

Free access to retirement counseling and investment advice from CAPTRUST financial advisors.

Kimley-Horn Contributions

Match

Even if you contribute nothing else to your 401(k), the first 4% should be considered essential. After one year of service, Kimley-Horn matches your contributions at a 2-to-1 rate up to 4% of eligible compensation (salary + bonus). That's a tax-free, 200% return before investment earnings.

Profit-Sharing

In addition to the match, the firm may make an annual profit-sharing contribution based on company performance.

Student Loan Provision

Eligible employees can apply their 4% contribution toward student loan repayment and still receive the full 2-to-1 401(k) match from Kimley-Horn.

Additional Compensation

Performance-Based Bonuses

Kimley-Horn provides a range of additional compensation benefits based on the firm's performance against its goals. These give staff a way to enjoy the firm's financial success that they helped create.

Teamwork Awards

These awards give staff the chance to pat each other on the back for special efforts with \$75 awards (less taxes) recognizing teamwork and going above and beyond.

Service Awards

In recognition of the benefits Kimley-Horn gains from the expertise and dedication of long-term staff, Service Awards are presented every five years, starting at the fifth anniversary. The value of the award increases with the number of years served.
